Rule of the Week ...

Q - If I chip from behind Fuji green and the ball goes in the creek, can I drop on the green side of the creek?

A - Yes **IF** you can find a place to drop that is 2 club lengths from the point of entry and no closer to the hole. This does exist, but it depends on where you went in and where the hole is.

The asbestos team have been in and removed areas of concern in our clubhouse.

Our catering girls would welcome the donation of a lamb or two for future tournaments – contact Thomo or Lyn for more info thanks.
